

OVERSEER VOLIVA UNMASKS HIS GUNS

Produces Documentary Evidence With Which He Hopes to Confound Dowie.

A LETTER SENT TO ELIJAH.

Warned Him to Change His Ways or Clash Was Inevitable.

Chicago, April 15.—General Overseer Voliva produced the first of his batch of documentary evidence today by which he hopes to confound John Alexander Dowie and his followers. The instrument was a letter written under date of April 13, 1904, and addressed to Dowie, who was then in Zurich, Switzerland. The letter was signed by Overseer John G. Speicher, Charles J. Bernard and Judge V. V. Barnes. In the document they warned Dowie that unless he changed his ways in the management of Zion City a clash was inevitable.

They stated that from their examination of the conduct of affairs of the colony it was evident that Dowie had overdrawn his account at the bank of Zion City; that he received deposits when it was known that the bank was insolvent; that he had used funds otherwise than in accordance with the representations made by the stock contracts and certificates; that the proof of the appropriation of such large sums for his own personal use and for ends outside of the industries named would be tantamount to a conviction of embezzlement in any court of law. The letter further implored Dowie to exercise a rigid economy on the part of himself and his family, saying that expenditures to this end should be based on needs rather than upon a fictitious income.

The inhabitants of Zion City, anticipating that such a letter would be read, flocked to the tabernacle early, and long before the services opened the big building was filled. After the regular Easter ceremony the sensation was sprung when General Overseer Voliva requested that Overseer Brazeal read the letter. When Deacon Brazeal read that section which said: "There is no doubt for a moment that a failure to meet payments and an exposure of the true condition of things would land yourself and cashier and general financial manager in jail very promptly," the audience signified its approval of the sentiment expressed by vigorous applause. The letter continued:

"The standard of Zion cannot be lower than that set by the business world outside. Your safest place will be here at home. There is but one country outside and that is in Chili, where you would be safe from the attacks that would be made, and the situation here would be hazardous if you continue your policy."

"The using of funds otherwise than in accordance with the representations made by the stock contracts and certificates and the proofs of the appropriation of such large sums to your own personal use and for ends outside of the industries named, including what has been done at Ben MacDhul, would be tantamount to a conviction."

"Such is the extent of Zion that nowhere in the civilized world will you be without the pale of the extradition law. Your business enterprises have connections in every land, and hence in every country a venue can be laid on a criminal charge."

General Overseer Voliva then called Deacon Newcomb, who was one of the party that was traveling with Dowie at the time the letter was directed to the "first apostle." Deacon Newcomb stated that the letter was received by Dowie in Zurich, but that Dowie first spoke of the document to him while they were traveling in France. He stated that the "first apostle" flew into a great passion when he discussed the letter and stated that the policies that he had inaugurated must prevail.

Dowie spent a quiet Sunday in this city and presided over simple Easter ceremonies which were participated in by a few of his faithful followers at the Auditorium annex.

The attorneys for both sides said that conferences would be resumed tomorrow, and that there were yet hopes that a basis for an amicable settlement would be reached.

COMMENTS ON PRESIDENT.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls.

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smiling and agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had bad headaches, pains in back, and periods were irregular. I had been to several doctors, and they did me no good.

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right."

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her long record of success in treating women's ills makes her letters of advice of untold value to every ailing working girl. Address, Mrs. Pinkham, Lynn, Mass.

of the papers it was a bold speech, but only what was to be expected of President Roosevelt. His defense of public men appeals strongly to Englishmen.

Mr. Roosevelt, the articles say, is commencing to suffer from too much popularity, and already comment and abuse are heard where a year ago not a single voice was raised against him. His outspoken words in the suggestion of a progressive tax to prevent any individual inheriting over a certain amount, the critics believe, will make him more enemies in America, but here, they say, the words do not sound dreadful, as England has what he is aiming at in an income tax combined with a system of graduation and a succession duty which does not limit the amount an heir may inherit, but produces a big revenue from estates.

Emperor William's telegram to Count Goluchowski, the Austro-Hungarian minister of foreign affairs, thanking him for the support of the Austrian representatives at Algiers, the "splendid deed of a loyal ally," and assuring him of "my rendering a like service on a like occasion," is also lengthily discussed, but where President Roosevelt is complimented Emperor William is severely censured.

FULLER WITHDRAWS CHARGE AGAINST HAWKINS.

Boston, Mass., April 14.—Louis B. Fuller, Harvard '04, son of Dr. Frank Fuller, a millionaire health-food manufacturer and former territorial secretary of Utah, has withdrawn a complaint against Homer Hawkins for alleged attempt at blackmail. Fuller learned, when he started to prosecute, that he was only the adopted son of Dr. Fuller, and the fact he had been unaware, Hawkins, who is the grandson of Dr. Fuller by his first wife, from whom Fuller had separated, knew the facts regarding Fuller's adoption, and took this means of raising money.

After the death of Dr. Fuller's first wife, the doctor moved to Portsmouth, N. H., and married Miss Anna Thorne. Their child died on the trip to Utah, when Dr. Fuller went there to assume his duties as territorial secretary, and a year later Louis Fuller, then three months old, was adopted.

MRS. WALLACE MACCRACKEN.

Legally Elected D. A. R. State Regent Of Montana.

Washington, April 15.—The national board of administration of the Daughters of the American Revolution have decided that Mrs. Wallace MacCracken was legally elected state regent of Montana and Mrs. Willard Harvey Weed was legally elected a state vice regent from that state.

A report to this effect will be made to the congress of the Daughters during the meeting of the present week. The controversy grew out of the question raised in the last congress by Mrs. Amos G. Draper of the District of Columbia as to the credentials of Mrs. MacCracken and Mrs. Weed.

Boise, Ida., April 14.—Upon receipt today of the dispatch sent by Maxim Gorky from New York, Moyer and Haywood, who are in the county jail in this city, telegraphed the following reply:

A HUMOROUS HOLD-UP.

San Francisco, Calif., April 15.—After holding a revolver to the stomach of Conductor Manuel Vallejo of inbound car No. 1 on the South City line on Saturday night about 11:30 o'clock and robbing the helpless man of \$13, a lone highwayman added a touch of grim

humor to the episode, as he alighted from the car with his booty, by saying to the conductor:

"I'm sorry, pal, but I need the money. Just tell the boys that you fell in with 'Red Shirt' Gordon."

FOUR PEOPLE KILLED IN A PANIC IN A CHURCH.

Chicago, April 14.—During a panic which followed a cry of fire tonight, while 400 persons were participating in the Easter service in the St. Ludmilla Roman Catholic church, Twenty-fourth and Albany avenues, three children and one woman were killed and a score of others injured, several seriously.

The majority of the worshippers in the church at the time the alarm of fire was given were women and children and in a few minutes all were in a tangled mass, fighting to escape from the supposed danger. Many persons jumped through the windows, but the greater portion crowded to the center aisle.

The extra weight proved too much for the floor, and some of the beams supporting it broke. The cracking of the timbers increased the fright of the now terrified women and children, and every one in the place became panic-stricken, men, women and children fighting desperately with each other in an effort to reach the outside.

A boy's prank was responsible for the accident. While Rev. M. E. Egan, pastor of the church, was offering the evening prayer, one of a crowd of boys who had been loitering outside the church suddenly pushed open the front door and shouted: "Fire!" Seeing the serious effect his words had on the congregation the boy ran away, and the police have been unable to find him or learn his identity.

TELEPHONE REPEATER.

California Engineer Invents One Making It Possible to Talk to New York.

San Francisco, April 15.—The Examiner says today:

David C. St. Charles, an engineer of this city, has invented a repeater which will make it possible to telephone from here to New York. What the so-called "repeater" has done for telegraphy, St. Charles' invention, it is now claimed, has done for the telephone. The combining of the echo in nature with the sounding board of a violin furnished the clue to discovery, according to a statement of St. Charles.

Supt. John W. Glavin of the local telephone company is quoted to the effect that the invention is a success.

RUSSIAN WOMAN DEPORTED.

New York, April 15.—On board the steamship Kronland, which sailed yesterday for Antwerp, was Fannie Diner, an unwilling passenger, bound for Odessa. She was deported, and yesterday made the second time she has been ejected from this country within four months. The objection to her remaining here was that she was of unsound mind. Her brother is a druggist here. She came to America last December on the Philadelphia, with her mother and sister. The physicians declared her insane and she went back, although her brother had enlisted the aid of Representative Bennett, who tried to get the authorities in Washington to permit her to remain. When the Philadelphia arrived here last Monday Miss Diner was recognized and again detained.

MME. SCHUMANN-HEINK.

New York, April 15.—Schumann-Heink, the singer, down on the passenger list as "Frau Schumann-Heink-Rapp, Jr.," came back to America yesterday on the steamship Bleucher. With her were three sons, Heinrich, Hans and Walter, who are going to be Americans. They are 18, 15 and 17 years old respectively. Hermann, who is 15, was left in Germany where he is attending a nautical college.

"I had some trouble getting the boys out of the country," she said, "because the government wanted them to serve their three years in the army, but as Mr. Rapp is an American, I succeeded. I have bought a farm at Caldwell, near Montclair, N. J., and we live there. The boys have no ambition for the operative stage—they will go into business unless they are so taken up with the farm that they remain there."

C. W. CLARK SERIOUSLY ILL.

San Francisco, April 15.—A dispatch has been received here which says that C. W. Clark, son of Senator Clark of Montana, is seriously ill at Jerome, Ariz., where he has been in charge of a smelter.

SHOT AND STABBED TO DEATH.

New York, April 15.—Antonio Drilleo, aged 34 years, an iron worker, was shot and stabbed to death at his Cherry street home early today. Alphonse Drilleo, 24 years old, a brother of the dead man, is under arrest. Alphonse Pornea, Salvatore Pornea, brothers and Pietro Leotti, are also locked up in connection with the killing. None of the prisoners would talk about the death of Drilleo, which is said to have followed a quarrel.
